WASHINGTON GOSSIP

Condition of National Banks From 1864 to 1896 Inclusive.

RULING ON PENSION ATTORNEYS

Helped Himself to Silver Coin in the Treasury—King Leopold as an Arbitrator—Secured an American's Release From a German Prison—The Indiana Sails for Halifax.

WASHINGTON, Aug. 6.—The abstract of reports of condition of national banks on May 14 is accompanied by a diagram prepared jointly by the controller of the currency and the chief of the bureau of statistics. The diagram shows the growth and changes in the principal items of resources of national banks from 1864 to 1896 inclusive.

That of capital is as follows: In October, 1864, the capital of the 508 banks amounted to \$86,800,000; a year later the number of banks had increased to 1,513 and the capital to \$393,300,000. The capital gradually increased to \$504,800,000 on Oct. 1, 1875, the highest point reached until 1883; when it amounted to \$509,700,000. The increase thereafter was gradual until 1892, when the highest point was reached, namely, \$686,600,000. In the fall of 1896 the amount had declined to \$548,500,000.

The average per capita of banking funds of all national banks in the United States is shown to be \$37.14, varying from a minimum of \$2.72 in Arkansas to a maximum of \$120.59 in Massachusetts.

PENSION ATTORNEY FEES.

Decision by the Assistant Secretary of the Interior.

WASHINGTON, Aug. 6.—The issue as to an attorney having a right to collect a fee for preparing and filing evidence to show why a pensioner's name should not be dropped from the rolls is involved in a case just decided by Assistant Secretary of the Interior Davis. He holds that for those where application is made for pension, in which fee agreements are not recognized by the commissioner of pensions, the compensation of an attorney shall be such sum as the commissioner shall direct to be paid to him, not exceeding \$25 in claims filed under the general law, nor over \$10 under the June 27 act. Proceedings to show why names should not be dropped are held to constitute prosecution of a claim for pension, but in no case an application for pension. All conflicting decisions are overruled by this ruling.

Tariff Bill Comparisons.

WASHINGTON, Aug. 6.—The completed comparison of the tariff bill, prepared by Charles E. Evans, the tariff expert, has been made public. The following are some of the comparisons: The average ad valorem duty of the flax, hemp and jute schedule under the Wilson law was 46.94 per cent; present law is 45.18 per cent. The average ad valorem of the pulp, paper and book schedule under the present law is 30.30 per cent; under the Wilson law 22.18 per cent. The average ad valorem of the sundry schedule under the Dingley law is 33.35 per cent; under the Wilson law 24.79 per cent.

Robbed the Treasury.

WASHINGTON, Aug. 6.—During the count and weighing of the silver in the vaults of the treasury, Thomas Martin, colored, engaged in handling the bags, was discovered to be abstracting coins and placing chunks of lead in their place to bring up the proper weight. He had purloined \$28,410. The penalty for the offense is from one to ten years and a fine of not more than \$5,000. Martin confessed when arrested. It is the eighth time he has helped in reweighing the treasury cash, and was never before suspected of wrongdoing.

Secured Silberberg's Release.

WASHINGTON, Aug. 6.—The United States consular agent at Freiburg, Germany, reports to the state department that he has secured the release of Harry Silberberg of Little Rock, Ark., who was condemned Jan. 20th last to two and a half year's imprisonment, and that he had been placed aboard a steamer for Baltimore. Silberberg's offense was that of resisting one of the petty German police.

King Leopold as an Arbitrator.

WASHINGTON, Aug. 6.—No official notice has been received here of the selection of the king of the Belgians as arbitrator of the dispute between Japan and Hawaii, but generally the selection is highly commended. The officials say that King Leopold's reputation for fairness is so well established that there could be no possible objection to him as an arbitrator.

NO NOTICEABLE CHANGE.

Peace Negotiations Hanging Fire—King George and Russian Minister Confer.

LONDON, Aug. 6.—Dispatches from Athens and Constantinople show that there has been no noticeable change in the situation as to peace negotiations. King George has had a long conference with M. Onon, the Russian minister, and it is understood that the peace conference has arranged for the appointment to control the revenues assigned to the service of the Greek debt.

The ambassadors propose that the indemnity shall be paid in four yearly installments of 1,000,000 pounds Turkish. The Turkish government wants the evacuation to occupy the same period and wishes to hold Yalo until all has been paid. Germany demands that Turkey shall be allowed to hold the districts of Trichala and Turnovo until the indemnity has been paid. England strongly opposes this.

TO KILL DR. HALE.

Crazy Theological Student From Memphis Under Arrest In Providence.

PROVIDENCE, Aug. 6.—The suspect in Kingston jail on the supposition that he had something to do with the burglary at the residence of R. G. Dunn recently, has been identified as William Collier, a theological student from Memphis, and a letter received from his father yesterday conveys the information that the young man is crazy.

It was learned also that young Collier had come to Rhode Island for the avowed purpose of assassinating Rev. Edward Everett Hale, the well known Unitarian clergyman of Boston, whose summer home is at Matunuck. Collier declares that he came here to kill Dr. Hale because he had been teaching a false religion. He also claims to be the Messiah.

OPPOSE AN EXPORT DUTY.

Canadian Lumber Company's Scheme to Knock Out the Dingley Tariff.

TORONTO, Aug. 6.—John Bertram, president of the Collins Inlet Lumber company, suggests, to meet the operation of the restrictive clauses of the lumber schedule of the Dingley act, that the Dominion government should not impose an export duty of logs and pulp wood, but that the government of the province of Ontario, which has sold many thousands of acres of timber lands to Americans, should enact an order-in-council that all logs cut under license from the government of Ontario shall be saved in the province. This proposal, he believes, would destroy any benefit the Michigan mills might have under the Dingley act, if it did not cause their ruin.

TOOK A DRIVE.

President and Mrs. McKinley Viewing Cumberland Head.

PLATTSBURG, N. Y., Aug. 6.—President and Mrs. McKinley went alone on a long drive of 12 miles yesterday evening around the beautiful promontory called Cumberland Head, which juts out into Champlain three miles, and a magnificent view of the lake and mountains was enjoyed by the president and his wife as the rolled around its bold cliffs.

The vice president and others of the party made the same trip in the hotel limousine. Vice President Hobart and Secretary Alger had a long talk with the president yesterday. Last night President and Mrs. McKinley played whist with their friends.

Constitutional Convention Defeated.

NASHVILLE, Aug. 6.—A general election was held in this state yesterday to decide whether or not a constitutional convention shall be held. Returns from all parts of the state show that the calling of a convention has been overwhelmingly defeated. A light vote was polled, but little interest being shown, and in some voting districts polls were not opened.

Modern Woodmen Injunction Confirmed.

FULTON, Ills., Aug. 6.—A decision in chambers by Judge Bigelow of Henry county yesterday confirms the injunction against the removal of the office of head clerk of the Modern Woodmen of America from Fulton to Rock Island. The case will probably be carried to the supreme court.

England's Venezuelan Arbitrator.

LONDON, Aug. 6.—Vanity Fair says that Great Britain's representative on the Venezuelan arbitration tribunal will be Hon. Michael Herbert, now secretary of the British embassy at Constantinople and formerly secretary of the British embassy at Washington.

Killed In a Runaway.

CARTHAGE, Ind., Aug. 6.—Henry Heuley of this place was killed by his team running away. He had started to his farm for a load of wheat.

Weather.

Indiana and Illinois—Generally fair. Ohio—Generally fair.

WIRLINGS.

Texas is suffering from extreme heat, business is paralyzed and vegetation is dying. The Utah Light and Power company has been incorporated with a capital of \$4,500,000, secured by property.

The exportations of buckwheat from this country during the last fiscal year amounted to 1,677,102 bushels.

President Elias discharged the negro women in his cotton gin factory at Atlanta and the striking white operators returned to work.

Three Cuban refugees have been captured at Puatagorda, Fla., who are believed to have yellow fever. They have been placed in quarantine.

Samuel C. Dunbar of the United States department of labor has been sent to the Klondike goldfields to ascertain the economic conditions of the country.

The will of the late Colonel Charles F. Crocker has been admitted to probate in San Francisco. The estate is estimated at \$3,000,000, but will probably reach three times that amount.

John Jacob Astor has donated \$18,000 to purchase Elmwood the home of James Russell Lowell at Cambridge, Mass., which will be turned into a memorial park and thrown open to the public.

HERS TO MILLIONS.

Lima, O., Family Notified of Good Fortune That Awaits Them.

LIMA, O., Aug. 6.—Notices have been received in this city by the children of the late Robert Thrift, M. D., of this city, and of the late Dr. John Thrift of Columbus Grove, O., informing them that they are among the direct heirs to the vast Ball estate, and that their respective portions of this great fortune await the establishment of their claims. The estate is valued at many millions of dollars. The property left by Joseph Ball includes the old Hope farm at Philadelphia. There were 455 acres in the tract, and the greater portion of it was leased for something less than a century, and this lease has just expired. There is also some land in Washington City, 55,000 acres in Kentucky and Pennsylvania, \$28,000 acres in Tyler valley, and several other large tracts in different parts of the country. It is said Dr. Thrift's heirs will have no trouble in establishing their claim.

LIKE HER BROTHER.

Young Girl Shot and Instantly Killed by Accident.

LEXINGTON, Ky., Aug. 6.—Miss Carrie Peters, aged 10 of Benson, was accidentally killed by George E. Roberts, her brother-in-law, who was using a 38-caliber revolver. Miss Peters sat sewing by the window and when she saw the pistol exploded. The bullet entered Miss Peters' temple, killing her instantly.

Two years ago William Peters, brother of Miss Carrie, then only 16 years old, was accidentally shot and killed by his uncle while shooting at a barn door, behind which young Peters walked in time to receive the fatal bullet.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MR. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 25, 1895: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own household work. We have recommended your remedies to all great many in our city, and every one has been very much benefited by them." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. For Congressman Fourth District,
MAJOR CHAS. W. LEE,
Of Switzerland County.

MATTHEWS' MOTIVES.

The New Albany Public Press, one of the foremost democratic papers in Southern Indiana has the following to say of Claude Matthews campaigning in the Fourth district: "About the worst feature against Griffith is, that Claude Matthews, who is very unpopular with the masses is attempting to make speeches in favor of the democratic nominee. Matthews imagines he is a candidate for United States senator and he is trying to further his own interest rather than Griffith's election, nor democratic success, when his political fortune is to be the gainer. He is doing Griffith infinitely more harm than good."

The manly campaign Major Lee is making is winning friends for him every day.

The people of the Fourth district know the worth of Major Lee and will elect him to congress next Tuesday.

The misinformation of Claude Matthews as he goes about over this district does the cause of Mari n Griffith no good. The people are not so ignorant as he presumes they are.

The Wilson tariff law, enacted by a democratic congress, seems to have no friend but its author. It was repealed without defense from democrats in congress and unquestionably without regrets on the part of people.

The calamity orators sent into this district prepared their speeches for the farmers, but the farmers are too busy to listen to their wallings. They are taking care of their wheat crop for which they are able to get a third more than they were a year ago.

CANDIDATE BROWDER was advertised for a speech at Columbus Wednesday night, but the popocrats imported some Weary Watkins and put him to talking on the street thus preventing the Browder meeting. Such tactics can win nothing for Mr. Griffith.

When bilious or costive, eat a Cascaret, candy cathartic, cure guaranteed. 10c and 25c.

HIS POLITICS AND BUSINESS DIFFER.

The papers are full of talk about John McLean's gold bond. Mr. McLean is, as everybody knows, a candidate for Senator from Ohio upon a strictly silver platform, yet he requires the obligations which are made to him to be payable in gold. A copy of a bond given in his favor by the Columbia Athletic Club of the District of Columbia has recently been published in the Ohio papers, and carries Mr. McLean's name as the beneficiary, and agrees to pay the sum named to him in "gold coin of the present standard weight and fineness," also the interest in "like gold coin." The opening paragraph of the bond is as follows:

THE COLUMBIA ATHLETIC CLUB.

FIRST MOR GAGE FIVE PER CENT GOLD BOND.

FOR VALUE RECEIVED, the Columbia Athletic Club of the District of Columbia hereby acknowledges itself indebted, and hereby agrees to pay, to JOHN R. McLEAN, or the bearer hereof, on the first day of March, 1900, One Thousand Dollars in gold coin of the UNITED STATES, OF PRESENT STANDARD WEIGHT AND FINENESS, at the City of Washington, at the city of Washington, and interest thereon in like gold coin at the rate of five per cent. per annum, on the first days of September and March of each and every year, on the production and surrender of the proper coupon hereto annexed.

The John R. Barton, of Madison, who wrote a letter as a populist in behalf of Griffith, which letter has been published in all the popocratic organs of the district, is working a bald attempt to deceive. He is in fact not a populist and never voted the populist ticket. When Cleveland was elected president the last time he was a candidate for the Madison postoffice, but Congressman Jason Brown did not see fit to appoint him. Politically he has not been in a good humor since.

POLITICAL BREVITIES.

Candidate Browder spoke at Columbus last night.

It is reported that King Leopold, of Belgium, has been named by Japan as arbitrator in the Hawaiian dispute.

Ex-Congressman Tracewell is now comptroller of the treasury to which office he was recently appointed.

Henry Rothwisch, treasurer-elect of Bartholomew county, has brought suit against John Walker, whose term as treasurer expired August 1, demanding possession of the office and \$3,000 damages for detention from his official capacity.

We would like to look into the pleasant face of some one who has never had any derangement of the digestive organs. We see the drawn and unhappy faces of dyspeptics in every walk of life. It is our national disease, and nearly all complaints spring from this source. Remove the stomach difficulty and the work is done.

Dyspeptics and pale, thin people are literally starving, because they don't digest their food. Consumption never develops in people of robust and normal digestion. Correct the wasting and loss of flesh and we cure the disease. Do this with food. The Shaker Digestive Cordial contains already digested food and is a digester of food at the same time. Its effects are felt at once. Get a pamphlet of your druggist and learn about it. Laxol is Castor Oil made as sweet as honey by a new process. Children like it.

YOUR PRINTING

Seymour REPUBLICAN.

REDUCTION OF FARM MORTGAGES

Facts About the Counties in the Fourth Congressional District.

Silver and Farm Products--Figures Showing that the Price of One Has Absolutely Nothing to Do with the Other.

Republican Promises Have Been Redeemed and Prosperity Has Already Set in Under the McKinley Administration. Market Quotations Tell the Tale.

The stock argument of the advocates of free silver coinage at a ratio of 16 to 1, in the last campaign, was that a decrease in the value of silver always caused a corresponding decrease in the price of farm products, and particularly wheat. The following comparisons in the price of wheat and other farm products, and the value of silver in 1896 and 1897, disprove these claims absolutely.

The prices on farm products herein given are taken from the Indianapolis market quotations, and the prices of silver from the general market quotations:

INDIANAPOLIS MARKET QUOTATIONS.			
July 26, 1896.	Wheat, No. 2 Red.....	per bushel,	\$0.55 1-2
July 26, 1897.	Wheat, No. 2 Red.....	"	.73
Advance.....	"	"	17 1-2
Percentage increase in price.....	"	"	31 1-2
July 26, 1896.	Wool.....	per pound,	\$0.19
July 26, 1897.	Wool.....	"	.16
July 26, 1896.	Cattle.....	"	\$4.00 @ 4.25
July 26, 1897.	Cattle.....	"	4.00 @ 4.85
July 26, 1896.	Hogs.....	"	3.30 @ 3.50
July 26, 1897.	Hogs.....	"	3.65 @ 3.80

SILVER BULLION.			
July 26, 1896.	Silver bullion.....	per ounce,	\$0.69 3-8
Value of silver in standard dollar, July 26, 1896.....	"	"	.53 7-10
July 26, 1897.	Silver bullion.....	per ounce,	.59
Value of silver in standard dollar, July 26, 1897.....	"	"	.45 6-10
Decline in price of silver.....	"	"	.15 pct.
Sheep advanced in price in 1897, per head.....	"	"	100 "
Wool advanced in price, per pound, in 1897.....	"	"	.33 "
Silver declined in price, per ounce, in 1897.....	"	"	.15 "

These figures show plainly that the price of farm products has advanced during the last year, while the value of silver has continued to decrease, and proves conclusively that the price of silver has absolutely no effect on the price of wheat and other farm products.

REDUCTION OF FARM MORTGAGES IN THE FOURTH DISTRICT.

Another claim of the advocates of the free and unlimited coinage of silver, and the calamity-shriekers in the campaign of 1896, was that on account of the low price of farm products, which they claimed to be due to the depreciation in the value of silver, a majority of farmers were becoming burdened with debt, and that the number and amount of farm mortgages were being increased each year.

The following figures, taken from the records in the offices of the recorders of the counties comprising the Fourth congressional district, show that the people are paying mortgages a great deal more rapidly than they are giving mortgages.

COUNTY	FARM MORTGAGES GIVEN		FARM MORTGAGES PAID	
	1897	1896	1897	1896
Bartholomew.....	\$188,314	\$181,755	\$774,704	\$191,358
Brown.....	13,643	21,926	9,560	12,796
Dearborn.....	79,020	155,743	104,700	79,705
Decatur.....	159,633	175,611	146,566	34,300
Jackson.....	98,471	129,968	133,200	133,752
Jefferson.....	112,065	116,800	133,283	50,500
Jennings.....	100,300	109,855	80,776	24,715
Ohio.....	115,039	24,217	12,533	29,883
Ripley.....	143,256	117,441	100,651	117,332
Switzerland.....	70,494	55,666	48,298	33,597
Total.....	\$980,235	\$1,080,282	\$1,333,271	\$705,133

The mortgages on farms given in the 10 counties for the year ending June 1, 1897, were \$980,235, and for the same period the farm mortgages paid off were in amount \$1,333,271.

For every dollar of mortgages placed on farms in the Fourth congressional district for the year ending June 1, 1897, there was \$1.50 paid. Reduction of farm mortgages over half a million dollars.

The above figures show that the claim of the free silverites concerning the increase of indebtedness on the farms, is as unfounded in fact as the claim that the decrease in the value of silver shows a corresponding decrease in the price of wheat.

EXCESS OF RECEIPTS OVER EXPENDITURES.

During the 44 months of the Cleveland administration, from July 1, 1893, to March 1, 1897, only seven months showed a surplus of receipts over expenditures. The aggregate amount was \$21,730,014.

Under the McKinley administration, from March 4 to July 1, 1897, the excess of receipts over expenditures amounted to \$29,082,847. These figures show that the excess of receipts over expenditures during four months of a Republican administration amounted to \$7,352,833, more than was shown during 44 months of a Democratic administration.

The excess of receipts over expenditures, as shown by the treasury report during each of the first four months of the McKinley administration, was as follows:

March.....	\$ 9,994,604
April.....	5,740,038
May.....	688,131
June.....	13,650,104
Total.....	\$29,082,847

PER CAPITA CIRCULATION.

The per capita circulation in the United States June 30, 1896, was \$21.35. The per capita circulation in the United States June 30, 1897, was \$22.80, an increase of \$1.45 per capita.

THE COINAGE OF SILVER DOLLARS.

Another argument of the free silver shouters in the campaign of 1896 was that the Republican policy, or gold standard, as they termed it, meant the disappearance of the silver dollar. From July 1, 1896, to July 1, 1897, there were coined 21,205,701 standard silver dollars, as follows:

	1896	1897
January.....	\$1,062,000	\$1,812,000
February.....	2,650,000	1,340,000
March.....	2,700,100	1,400,200
April.....	2,350,000	1,400,000
May.....	1,914,000	1,490,000
June.....	1,700,350	1,475,101

LOW VALUE OF SILVER.

On July 28, 1897, silver reached the lowest point in value in its history.

On that date silver per ounce was quoted at 57 1/2 cents.

Value of silver in standard dollar 44 6-10 cents.

REPUBLICAN PROMISES REDEEMED.

The logic of the above figures and the fact that there is a decided improvement in every branch of business, proved conclusively that the Republican policy is right, and that the pledges of the Republican party made during the last campaign are being rapidly redeemed. Republican prosperity has already set in under the McKinley administration, and there is every evidence that we are entering upon an era of better business and general prosperity in this country.

If every voter in the Fourth district will study carefully the above figures and will consult his personal interests, there can be but one conclusion reached in his mind when he enters the election booth on Aug. 16, and that conclusion will be to vote for the man who represents the principles and policies of the Republican party, Major Charles W. Lee.

WOMAN'S LONG HOURS.

SHE TOILS AFTER MAN'S DAYS' WORK IS DONE.

What She Has to Contend With--Work That Sooner or Later Breaks Down Her Delicate Organism.

The great majority of women "work to live" and "live to work," and as the hands of the clock approach the hour of six, those employed in stores, offices, mills and factories, hail closing time with joy. They have won their day's bread, but some duties are yet to be performed, and many personal matters to be attended to. They have mending to do, and dresses or bonnets to make, and long into the night they toil, for they must look neat, and they have no time during the day to attend to personal matters.

Women, therefore, notwithstanding their delicate organism, work longer and more closely than men. They do not promptly heed such signs as headache, backache, blues, pains in the groins, bearing-down, "all gone" feeling, nervousness, loss of sleep and appetite, whites, irregular or painful monthly periods, cold and swollen feet, etc., all symptoms of womb trouble, which, if not quickly checked, will launch them in a sea of misery.

There is but one absolute remedy for all those ills. Any woman who has to earn her own living will find it profitable to keep her system fortified with this tried and true woman's friend, Lydia E. Pinkham's Vegetable Compound, which promptly removes the cause and effects a lasting cure. We are glad to produce such letters as the following from Miss M. G. McNamee, 114 Catherine St., Utica, N.Y.:

"For months I had been afflicted with that tired feeling, no ambition, no appetite, and a heavy bearing-down feeling of the uterus. I began to use Lydia E. Pinkham's Vegetable Compound. Soon those bad feelings passed away; I began to have more ambition, my appetite improved and I gained rapidly in every way, and now I am entirely well. I advise all my friends to use the Compound, it is woman's truest friend."

Will be delighted with the look of this beautiful spot now being distributed by the Chicago, Milwaukee & St. Paul Railway Company. It is a magnificent publication of 96 pages full of over 1000 of delicious half-tone pictures of one of Creation's most charming places of resort for citizens of the Great Republic. MARK YOUR BALLOT

WITH BLUE PENCIL ONLY AT THE NEXT ELECTION.

And Not With a Rubber Stamp, as Heretofore--The Process Simplified Under the New Law--Make a Cross With a Blue Pencil, Furnished by the Election Officials, Inside the Large Circle Surrounding the Eagle.

Republicans should make sure that nothing will prevent them from voting on August 10, and they should make doubly sure that they mark their ballots correctly, in accordance with the new law, so that they will be counted. The new method is simple, but should be thoroughly understood. Make a cross, or an "X," not a dot or any other mark, in the circle surrounding the eagle at the head of the Republican ticket.

The changes made by the new law are as follows: A large circle is substituted for the large square surrounding the party emblem at the head of each ticket. Around the outer edge of the circle are the words "To vote a straight ticket make an 'X' within one circle and not otherwise."

A blue pencil is used by the voter instead of a rubber stamp. The pencil is given each voter by the polling clerk, and is supplied by the election officials. No other pencil can be used, and the pencil must be returned by the voter to the clerk.

To vote the straight Republican ticket make a cross or an "X," with the blue pencil inside the large circle surrounding the eagle.

At the August special election there will be but one name on each ticket. There will, therefore, be no opportunity to vote a "mixed ticket." A cross or an "X," in the small square in front of the name of Charles W. Lee will have the same effect, exactly, as a cross, or an "X," in the large circle around the eagle. A "mixed ticket" is voted with a pencil in the same manner as formerly with the rubber stamp, where more than one name appears on the various tickets.

Mark your ballot with a cross inside the circle and NOT ELSEWHERE, as follows:

Make a Cross, or an "X," and Nothing Else.

GENERAL INSTRUCTIONS.

1. Get your ballot of the polling clerk in the election room, who will also furnish you a blue pencil with which to mark the ballot.
2. Retire to a booth and handle ballot carefully on shelf so as not to get spots or stains on paper. To vote a straight ticket, make a cross with the blue pencil within the large circle at the head of the ticket containing the device of the party for whose candidate you desire to vote. If the ballot is marked with any character whatever other than the one cross which designates your choice it will be declared to be mutilated or to have a distinguishing mark and will be thrown out. The cross must be placed inside the circle or inside the small square (once only) or the ballot will be thrown out as void.
3. Names must not be erased from or written on the ballot, or any mark made, except as above indicated. Otherwise the ballot will not be counted.
4. When the ballot is properly marked fold it so that the face cannot be seen, and so that the initials of the polling clerk on

the corner of the back of the ballot can be seen. Give the ballot to the inspector and the pencil to the polling clerk.

3. If you should accidentally or by mistake mark your ballot incorrectly, deface or mutilate it, fold the face inward and return it to the polling clerk and obtain a new one.

6. You must not receive a ballot, other than a sample ballot, from any person except the election officials. It is a penalty offense to have an official ballot in your possession except as above stated.

7. You must not indicate to any person in the election room how you intend to vote, and engage in no conversation, except with the officials.

8. If you cannot read English or, because of physical disability, cannot mark your ballot, so inform the election clerks, who, upon your instruction, will mark your ballot as you desire. It is a penalty offense to declare that you cannot read English or cannot mark your ballot if, in fact, you can.

Only Two Hundred at Work. TERRY HAUTE, Ind., Ass. 6--Vice President Llewellyn wired Secretary Kennedy of the Indiana miners' organization, from Winslow, that miners at Hartwell, Petersburg, Little, Ayrshire and Jackson are all out. SEASHORE EXCURSIONS.

SECOND SEASHORE EXCURSION

Via Pennsylvania Lines Thursday, August 13th. Choice of the Popular Ocean Resorts. \$13 Round Trip from Seymour.

The first seashore excursion over the Pennsylvania Lines was a grand success. Nearly two thousand persons took advantage of the extremely low rates and enjoyed delightful trips to the most popular summer havens along the Atlantic coast.

The second excursion over the Pennsylvania Route will be run Thursday, August 12th. Two more resorts have been added to the list of points to which tickets will be sold, making a total of ten resorts, all of which are well known places of summer sojourn, viz: Atlantic Cape May, Avalon, Anglesea, Ocean

City, Sea Isle City, Holly Beach, Wildwood, New Jersey and Rehoboth Beach, Delaware, and Ocean City, Maryland, the latter two being the new points in question.

The round trip rate will be only \$13 from Seymour, Ind., to either resort, the return limit covering twelve days including date of sale. Through train and through car service for this excursion will be very convenient. Pullman Vestibule Sleeping Cars and Pennsylvania Standard Coaches will be run without change through Pittsburgh and Philadelphia to Atlantic City on train No. 20, leaving Indianapolis at 2:40 p. m., August 12th. Excursion tickets will also be good going August 12th, on any through train except the Pennsylvania Limited.

The date of the second excursion is particularly convenient. It is practically at a standstill during the middle of August. It is a season of rest in the city and country, and a week or two can not be spent more pleasantly nor profitably than at one of these attractive ocean retreats. The invigorating breeze from the sea, the myriads of interesting sights and the opportunity for health giving recreation make these seashore excursions ideal vacation trips. Persons who participate in them will return to their homes strengthened in both mind and body for a renewal of the labors attendant upon the opening of the fall and winter seasons.

For detailed information regarding tickets, time of trains and other particulars apply to C. C. Sappington, ticket agent, Seymour, Ind., or address W. W. Richardson, District Passenger Agent Indianapolis, Ind.

SOUND MONEY DEMOCRAT.

A Switzerland County Democrat Shows up Marion Griffith's Record on the Money Question.

Martin Funk, a resident of Switzerland county, who is a farmer and a democrat, a friend and former colleague of Marion Griffith says that the democratic candidate for congress in the Fourth district is a recent convert to the free silver policy; that at a democratic county mass convention, held in Vevay, Saturday, June 16, 1894, Mr. Griffith presided, and that resolutions were passed endorsing the administration of President Cleveland. Mr. Funk was one of the committee on resolutions, was a Cleveland man and for the gold standard, just where he stands today. He says that he suggested to the other members of the committee on resolution that Carlisle as well as Cleveland be endorsed and did so more particularly on account of their sound money views. No one on the committee objected to this and the resolution was passed without opposition. He says that Mr. Griffith and he then stood on the same money platform; that Mr. Griffith has left him as to money, but that he (Mr. Funk) remains just where he was in 1897—for Cleveland, Carlisle and the gold standard.

Mr. Funk is greatly surprised to learn that candidate Griffith is claiming to have always been a free silver democrat. He declares that he will not vote for Griffith on account of his position on the money question, and that many other democrats in Switzerland County, though some of Marion Griffith, will not vote for him.

John P. McLean's Great Newspaper.

Without a single exception, there
is beyond doubt no greater or more
popular newspaper in the United
States than the Cincinnati Enquirer;
and a more successful publisher than
its proprietor, Mr. John P. McLean.
The old-time prices for the Daily
Enquirer have been maintained, and
its circulation largely increased each
year; hard times and cheaper jour-
nals failing to arrest its onward march
and high appreciation of the public
for its true worth and merit.

The Weekly Enquirer at beginning
of the campaign year was offered at
50 cents a year, and its circulation
increased by the addition of over
200,000 new subscribers; the most
substantial and coveted testimonial a
publisher could desire.

When asked for the secret of such
success, Mr. McLean frankly answers:
The Enquirer has no opinions to force
upon its patrons, it simply prints the
facts and tells the truth that the reader
may form his own opinions. By
maintaining the price of the paper,
more news and greater variety can be
furnished, and every class of business
interests catered to, which a cheaper
journal cannot afford.

The very liberal support given the
Enquirer by the public at large, makes
incumbent upon the management
to serve it faithfully with zeal and en-
terprise in minor matters as well as
of greater magnitude.

GENUINE LETTERS.

Showing How Business is Moving in Differ-
ent Parts of the Country.

LYNN, Ind., August 5.—The George
Scantland Hoop Works, one of the
largest in eastern Indiana, which has
been closed for two years, has resumed
operation. The Lynn Planing Mill has
lately increased its force. Merchants
in this place report a marked increase
in business, and are encouraged.

A. O. HAMILTON,
Editor "Tribune."

STEWART, Neb., August 5.—There is
no one idle here. All are employed,
and calls for more hands than can be
found. We have no manufacturing.
Capital is to be used in putting up a
large creamery. J. L. STUEVANT,
Editor "Ledger."

HUNTINGBURG, Ind., August 5.—All in-
dustries here are running on full time
and employing their usual number of
hands. A new spoke and single-tree
factory will be opened in a few days.
Plans are being made for a new spoke
factory to employ 40 or 50 hands. Me-
chanics are all busy.

ED. H. DUFENBACH,
Editor "Independent."

TULAROSA, New Mexico, August 5.—
The passing of the tariff bill has been
the means of instilling new energy into
the people here. Cattle, sheep, etc.,
are all higher in price than for years
and the fact that the new tariff shuts
Mexican stock out of this country
pleases our stock men immensely.

Editor "Tularosa," N. Mex.

FARINA, Ill., August 5.—During the
Cleveland administration the banks
here and those in other towns had no
money to loan and interest rates were
high. Now the banks have a large
amount of deposits, plenty of money to
loan, and, in fact, money goes begging
for borrowers. C. R. DAVIS,
Editor "News."

UNION, OREGON, August 5, 1897.—There
is now in course of construction in this
little city a woolen mill which will con-
tain at present two sets of machinery.
A telephone system branching from
this place is now in course of construc-
tion, which will cover a district of over
200 miles. A large creamery plant is
also about to be built here. There is
no doubt that times are improving and
prosperity returning. S. J. DAVIS,
Editor "Republican."

Stands at the Head.

Aug. J. Bogel, the leading druggist of
Shreveport, La., says: "Dr. King's New
Discovery is the only thing that cures
my cough and it is the best seller I
have." J. F. Campbell, merchant of
Safford, Ariz., writes: "Dr. King's New
Discovery is all that is claimed for it; it
never fails and is a sure cure for Con-
sumption, Coughs and Colds. I cannot
say enough for its merits." Dr. King's
New Discovery for Consumption, Coughs
and Colds is not an experiment. It has
been tried for a quarter of a century
and today stands at the head. It never
disappoints. Free trial bottle at W. F.
Peter's Drug Store.

A Remarkable Cure of Chronic Diarrhoea.
In 1861, when I served my country as a
private in Company A, 167th Penn-
sylvania Volunteers, I contracted
chronic diarrhoea. It has given me a
great deal of trouble ever since. I
have tried a dozen different medicines
and several prominent doctors without
any permanent relief. Not long ago a
friend sent me a sample bottle of Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy, and recommend it to all suf-
fering veterans. If in doubt write me.
Yours gratefully, Henry Steinberger,
Allentown, Pa. Sold by C. W. Milhouse,
the druggist.

Electric Bitters.

Electric Bitters is a medicine suited
for any season, but perhaps more gen-
erally needed when the languid, ex-
hausted feeling prevails, when the liver
is torpid and sluggish and the need of
a tonic and alternative is felt. A prompt
use of this medicine has often averted
long and perhaps fatal bilious fevers.
No medicine will act more surely in
counteracting and freeing the system
from the malarial poison. Headache,
indigestion, Constipation, Dizziness yield
to Electric Bitters. 50c and \$1.00 per
bottle at W. F. Peter's drug store.

Prosperity's Chariot.

E. O. McCormick, passenger traffic
manager of the Big Four Company, re-
turned yesterday from a trip over the
road. He prophesies a speedy revival
of business, and says that he has
hopes on the countenances and conver-
sation of the traveling men he met
while absent. These light-footed gen-
tlemen constitute, in Mr. McCormick's
opinion, an excellent barometer, mark-
ing trade conditions. Most of them
work on commission, and when they
are all good-natured and smiling it is
fair to presume that business is good.
All the iron men seen by Mr. McCormick
on this trip looked and talked like
"four-time winners."

YOUNGEST GOLD PROSPECTOR.

Mother Horribly Bitten by Her Insane
Son—Widow Laverly's Generous Gift to
Her Parents—Unearthed a Skeleton.
Youngest Gold Prospector—Monon Pre-
paring For Improvements.

WASHINGTON, Ind., Aug. 6.—Rev.
John Walstein, who has been holding
revival services at Concord Christian
church near here, received word that
he would be egged if he preached again.
He went prepared, and when he opened
services laid a pistol on each side of his
Bible, announcing that he would defend
himself if necessary.

It was not long before a disturbance
was raised at one of the windows. In
an instant the minister commenced fir-
ing toward the window. He scattered
the rowdies, but one bullet passed through
the abdomen of the 3-year-old daughter
of John Standford, who was sleeping
on one of the seats. The little girl is
dying. In the excitement Walstein
made his escape.

Widow Laverly Gives Her Parents a
Farm In Park County.

SUMMIT GROVE, Ind., Aug. 6.—The
parents of Mrs. Lillian Laverly, the
widow of the western Indiana land
king, who recently came into possession
of \$100,000 worth of property by the
tragic death of her husband, have re-
ceived a deed from their daughter to 60
acres of the finest bottom land in Park
county. The erection of a large Barry
granite sarcophagus monument in the
Laverly cemetery near Mecca was be-
gun this week.

NO CONTAGIOUS DISEASES.

Terre Haute's Health Record For Three
Months.

TERRE HAUTE, Ind., Aug. 6.—The re-
port of the Terre Haute board of health
for the month of July is the most grati-
fying the city has ever had. It shows
that for three months the city has been
entirely free from contagion of any
kind, while it has also been almost half
a year since a solitary case of either diph-
theria or scarlet fever has made its ap-
pearance. This is said to be the best-
known record for a city of the size of
Terre Haute.

Youngest Gold Prospector.

SALEM, Ind., Aug. 6.—This city
claims the distinction of sending the
youngest gold prospector to the Klondike
regions. He is Osborne Johnson,
13 years old, and goes with the full
knowledge of his parents. Young John-
son, though young, weighs 138 pounds
and at 14 years traveled all through the
west. He comes of a hardy family, his
father having been a member of the
Seventh Indiana battery at 15 and won
a reputation as a good soldier.

Excavators Unearth a Skeleton.

SOUTH DEAN, Ind., Aug. 6.—In ex-
cavating under the old residence of the
late John Brownfield in the heart of the
city, built 50 years ago, workmen came
upon a large hollow log with a cover
upon it. A large stone rolled down and
broke in the covering and a skeleton was
found, which crumbled at the touch.
It is supposed to be the skeleton of an
Indian adult.

Mother Bitten by Her Insane Son.

ENGLEISH, Ind., Aug. 6.—William,
the 14-year-old son of Jesse Morgan, became
insane last week, but the parents refused
to permit their child to be taken from
them to the insane hospital. While the
mother was striving to control him, he
bit nearly all the flesh from one arm.
The doctors have great fears of the
mother's life. Blood poisoning is now
dreaded.

Girl Burned In a Brush Pile.

ROSELAWN, Ind., Aug. 6.—Mamie
Handley, aged 5 years, met a horrible
death here. She was playing near a
burning brush pile when she accidentally
fell head first into the flames. Her par-
ents soon discovered she was missing
and after a long search found her
charred body in the heap of smoldering
embers.

Not All Satisfied With the Settlement.

ALEXANDRIA, Ind., Aug. 6.—By an
agreement between the Union Steel
company and the Amalgamated Association
of Iron, Steel and Tin Workers, the
rollers and heaters are reduced 15 per
cent, the puddlers 12 per cent and the
roughers 7 per cent. The men are not
at all satisfied.

Pulled His Leg Off.

BRAZIL, Ind., Aug. 6.—Joseph Cling-
erman, a counsellor from the Second
ward, was seriously, if not fatally, in-
jured in a runaway accident yesterday,
while driving the city sprinkling wagon.
One leg was caught in the axle of the
wagon and torn off near the ankle.

Brush Creek Sunday School.

COLUMBUS, Ind., Aug. 6.—The Brush
creek Sunday school held its 28th annual
picnic yesterday seven miles southeast
of the city. Governor Mount, Revs.
C. W. Lee and U. M. Browder made
speeches.

Monon Preparing For Improvements.

SALEM, Ind., Aug. 6.—The Monon has
a force of men at work repairing its
stone crushing plant, preparatory to put-
ting on a force of 150 men next week to
manufacture ballast for the roadbed.

His Recovery Doubtful.

JONESVILLE, Ind., Aug. 6.—Benjamin
Kobbe and a young man named Runge
were sunstruck while working on a
strawstack near here. Mr. Kobbe's re-
covery is doubtful.

To See the Fire Department Run.

BRAZIL, Ind., Aug. 6.—The 7-year-old
son of Elmer Johnson is in jail charged
with burning John Hendrix's barn. He
said he fired the barn just to see the fire
department horses run.

Every part of our body is momen-
tarily wearing out and being built up

WASHINGTON GOSSIP

Condition of National Banks From 1864 to 1896 Inclusive.

RULING ON PENSION ATTORNEYS

Helped Himself to Silver Coin in the Treasury—King Leopold as an Arbitrator—Secured an American's Release From a German Prison—The Indiana Sails For Halifax.

WASHINGTON, Aug. 6.—The abstract of reports of condition of national banks on May 14 is accompanied by a diagram prepared jointly by the controller of the currency and the chief of the bureau of statistics. The diagram shows the growth and changes in the principal items of resources of national banks from 1864 to 1896 inclusive.

That of capital is as follows: In October, 1864, the capital of the 508 banks amounted to \$86,800,000; a year later the number of banks had increased to 1,513 and the capital to \$393,300,000. The capital gradually increased to \$504,800,000 on Oct. 1, 1875, the highest point reached until 1887, when it amounted to \$609,700,000. The increase thereafter was gradual until 1892, when the highest point was reached, namely, \$686,600,000. In the fall of 1896 the amount had declined to \$648,500,000.

The average per capita of banking funds of all national banks in the United States is shown to be \$37.14, varying from a minimum of \$2.73 in Arkansas to a maximum of \$120.59 in Massachusetts.

PENSION ATTORNEY FEES.

Decision by the Assistant Secretary of the Interior.

WASHINGTON, Aug. 6.—The issue as to an attorney having a right to collect a fee for preparing and filing evidence to show why a pensioner's name should not be dropped from the rolls is involved in a case just decided by Assistant Secretary of the Interior Davis. He holds that for the prosecution of all claims other than those where application is made for pension, in which fee agreements are not recognized by the commissioner of pensions, the compensation of an attorney shall be such sum as the commissioner shall direct to be paid to him, not exceeding \$25 in claims filed under the general law, nor over \$10 under the June 27 act. Proceedings to show why names should not be dropped are held to constitute prosecution of a claim for pension, but in no sense an application for pension. All conflicting decisions are overruled by this ruling.

Tariff Bill Comparisons.

WASHINGTON, Aug. 6.—The completed comparison of the tariff bill, prepared by Charles E. Evans, the tariff expert, has been made public. The following are some of the comparisons: The average ad valorem duty of the flax, hemp and paper schedule under the Wilson law was 46.94 per cent; present law is 45.18 per cent. The average ad valorem of the pulp, paper and book schedule under the present law is 30.30 per cent; under the Wilson law 22.18 per cent. The average ad valorem of the sundry schedule under the Dingley law is 33.33 per cent; under the Wilson law 24.79 per cent.

Robbed the Treasury.

WASHINGTON, Aug. 6.—During the count and weighing of the silver in the vaults of the treasury, Thomas Martin, colored, engaged in handling the bags, was discovered to be abstracting coins and placing chunks of lead in their place to bring up the proper weight. He had purloined \$28 all told. The penalty for the offense is from one to 10 years and a fine of not more than \$5,000. Martin confessed when arrested. It is the eighth time he has helped in reweighing the treasury cash, and was never before suspected of wrongdoing.

Secured Silberberg's Release.

WASHINGTON, Aug. 6.—The United States consular agent at Freiburg, Germany, reports to the state department that he has secured the release of Harry Silberberg of Little Rock, Ark., who was condemned Jan. 20th last to two and a half years imprisonment, and that he had been placed aboard a steamer for Baltimore. Silberberg's offense was that of resisting one of the petty German police.

King Leopold as an Arbitrator.

WASHINGTON, Aug. 6.—No official notice has been received here of the selection of the king of the Belgians as arbitrator of the dispute between Japan and Hawaii, but generally the selection is highly commended. The officials say that King Leopold's reputation for fairness is so well established that there could be no possible objection to him as an arbitrator.

NO NOTICEABLE CHANGE.

Peace Negotiations Hanging Fire—King George and Russian Minister Confer.

LONDON, Aug. 6.—Dispatches from Athens and Constantinople show that there has been no noticeable change in the situation as to peace negotiations. King George has had a long conference with M. Onou, the Russian minister, and it is understood that the peace conference has arranged for the appointment by the powers of three delegates to control the revenues assigned to the service of the Greek debt.

The ambassadors propose that the indemnity shall be paid in four yearly installments of 1,000,000 pounds Turkish. The Turkish government wants the evacuation to occupy the same period and wishes to hold Volo until all has been paid. Germany demands that Turkey shall be allowed to hold the districts of Trikala and Turnovo until the indemnity has been paid. England strongly opposes this.

TO KILL DR. HALE.

Crazy Theological Student From Memphis Under Arrest In Providence.

PROVIDENCE, Aug. 6.—The suspect in Kingston jail on the supposition that he had something to do with the burglary at the residence of R. G. Dunn recently, has been identified as William Collier, a theological student from Memphis, and a letter received from his father yesterday conveys the information that the young man is crazy.

It was learned also that young Collier had come to Rhode Island for the purpose of assassinating Rev. Edward Everett Hale, the well known Unitarian clergyman of Boston, whose summer home is at Matunuck. Collier declares that he came here to kill Dr. Hale because he had been teaching a false religion. He also claims to be the Messiah.

OPPOSE AN EXPORT DUTY.

Canadian Lumber Company's Scheme to Knock Out the Dingley Tariff.

TORONTO, Aug. 6.—John Bertram, president of the Collins Lumber Company, suggests, to meet the operation of the restrictive clauses of the lumber schedule of the Dingley act, that the Dominion government should not impose an export duty of logs and pulp wood, but that the government of the province of Ontario, which has sold many thousands of acres of timber lands to Americans, should enact an order-in-council that all logs cut under license from the government of Ontario shall be sawed in the province. This proposition, he believes, would destroy any benefit the Michigan mills might have under the Dingley act, if it did not cause their ruin.

TOOK A DRIVE.

President and Mrs. McKinley Viewing Cumberland Head.

PLATTSBURG, N. Y., Aug. 6.—President and Mrs. McKinley went alone on a long drive of 12 miles yesterday evening around the beautiful promontory called Cumberland Head, which juts out into Champlain three miles, and a magnificent view of the lake and mountains was enjoyed by the president and his wife as they rolled around its bold cliffs.

Constitutional Convention Defeated.

NASHVILLE, Aug. 6.—A general election was held in this state yesterday to decide whether or not a constitutional convention shall be held. Returns from all parts of the state show that the calling of a convention has been overwhelmingly defeated. A light vote was polled, but little interest being shown, and in some voting districts polls were not opened.

Modern Woodmen Injunction Confirmed.

EVANSTON, Ill., Aug. 6.—A decision in chambers by Judge Bigelow of Henry county yesterday confirms the injunction against the removal of the office of head clerk of the Modern Woodmen of America from Fulton to Rock Island. The case will probably be carried to the supreme court.

England's Venezuelan Arbitrator.

LONDON, Aug. 6.—Vanity Fair says that Great Britain's representative on the Venezuelan arbitration tribunal will be Hon. Michael Herbert, now secretary of the British embassy at Constantinople and formerly secretary of the British embassy at Washington.

WIRINGS.

Texas is suffering from extreme heat, business is paralyzed and vegetation is dying.

The Utah Light and Power company has been incorporated with a capital of \$4,000,000, secured by property.

The exportations of buckwheat from this country during the last fiscal year amounted to 1,577,192 bushels.

President Elías discharged the negro women in his cotton-gin factory at Atlanta and the striking white operators returned to work.

Three Cuban refugees have been captured at Panatagot, Fla., who are believed to have yellow fever. They have been placed in quarantine.

Samuel C. Dunham of the United States department of labor has been sent to the Klondike goldfields to ascertain the economic conditions of the country.

The will of the late Colonel Charles F. Crocker has been admitted to probate in San Francisco. The estate is estimated at \$3,000,000, but will probably reach three times that amount.

John Jacob Astor has donated \$18,000 to purchase Elmwood the home of James Russell Lowell at Cambridge, Mass., which will be turned into a memorial park and thrown open to the public.

HERS TO MILLIONS.

Lima, O., Family Notified of Good Fortune that Awaits Them.

LIMA, O., Aug. 6.—Notices have been received in this city by the children of the late Robert Thrift, M. D., of this city, and of the late Dr. John Thrift of Columbus Grove, O., informing them that they are among the direct heirs to the vast Ball estate, and that their respective portions of this great fortune await the establishment of their claims. The estate is valued at many millions of dollars. The property left by Joseph Ball includes the old Hope farm at Philadelphia. There were 450 acres in the tract, and the greater portion of it was leased for something less than a century, and this lease has just expired. There is also some land in Washington City, 50,000 acres in Kentucky and Pennsylvania, 258,000 acres in Tyler valley, and several other large tracts in different parts of the country. It is said Dr. Thrift's heirs will have no trouble in establishing their claim.

LIKE HER BROTHER.

Young Girl Shot and Instantly Killed by Accident.

LEXINGTON, Ky., Aug. 6.—Miss Carrie Peters, aged 18 of Benson, was accidentally killed by George E. Roberts, her brother-in-law, who was using a 38-caliber revolver. Miss Peters sat sewing by the window and in some way the pistol exploded. The bullet entered Miss Peters' temple, killing her instantly.

Two years ago William Peters, brother of Miss Carrie, then only 16 years old, was accidentally shot and killed by his uncle while shooting at a barn door, behind which young Peters walked in time to receive the fatal bullet.

Are Now In the Hospital.

LEXINGTON, Ky., Aug. 6.—Alex Ingles, Boston Kimball and "Brother" Brown, small boys, found a box of shot-gun shells. They went to a vacant lot, picked the shells to pieces with a pen-knife, poured the powder into a hat and touched a match to it. They are in St. Joseph's hospital now. Kimball's face, hands, arms, legs and breast are burned black. Ingles is similarly scorched and is minus his hair. Brown was but little more fortunate.

Many women

have good reason to dread the approach of the hour of maternity. All too frequently it is a time of almost unbearable pain and suffering and extreme danger. Women who are wise know that this is unnecessary. They know that the woman who takes proper care of her womanly self, who looks after the health of the organs, who is not afraid of approaching maternity. They know that there is a sure and safe cure for all weakness and disease of these organs. Over 90,000 of these women have testified in writing to the virtues of Dr. Pierce's Favorite Prescription.

It is the discovery of Dr. R. V. Pierce, a regularly graduated physician and an eminent and skillful specialist, who is and for thirty years has been chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. The "Favorite Prescription" makes the organs of womanhood strong and healthy. It cures all weakness and disease. It prepares for approaching maternity. It does away with the discomforts of the expectant period. It alleviates the pains of parturition and makes baby's advent easy and safe. Druggists sell more of it than of all other remedies for these troubles combined.

Woman should know herself. She should not be dependent in every emergency on a great and small, upon a physician. She should be familiar with her own physical make-up. Dr. Pierce's Common Sense Medical Advice will reveal a woman's important truths to the woman who is ignorant upon these points. It contains many chapters and illustrations devoted to the reproductive physiology of women. It is written in plain, straightforward language. The book contains over 100 pages. A paper-covered copy will be mailed absolutely free to any one who sends twenty-one one-cent stamps to cover the cost of mailing only, to the World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y. If cloth binding is desired, send ten cents extra, thirty-one cents in all.

HORRIBLE EXPLOSION

Chicago Grain Elevator In Ruins and Four Lives Lost.

MORE THAN A SCORE INJURED

Nearly All Are Brave Firemen—Bricks and Iron, White With Heat, and Timbers Ablaze Flying In Every Direction and Carried Blocks Away—List of the Dead and Injured.

CHICAGO, Aug. 6.—Four lives were lost in an explosion which took place last night during a fire in the Northwestern grain elevator at Cook and West Water street. Three of the dead are firemen—the body of another fireman is thought to be buried in the ruins of the elevator—and one man was blown into the Chicago river. From the force with which the explosion swept the spot on which they were standing it is certain they must have been instantly killed. Either the bursting of a boiler or the explosion of mill dust caused the awful havoc.

The firemen who were killed by the falling walls of the elevator were: JACOB J. SCHUBERT, JOHN J. COUGAN, JACOB S. STRAMER, UNKNOWN MAN, blown into river.

The Injured.

Charles H. Conway, fireman, burned about face and hands and body crushed; William McGuire, 13 years old, both feet crushed.

Chief Dennis Sweeney, right foot crushed, left arm wrenched and painfully burned.

Fire Marshal Campton, burned about face.

Lieutenant Smith, both legs crushed.

Lieutenant W. H. Bartlett, leg crushed.

Assistant Engineer Benjamin Blanchard, badly bruised.

John F. Smith, injured by debris.

William McGuire, 13 years old, both feet crushed.

Thoma Engle, pipeman, cut about face and hands and internally injured.

Ignatius Bond, cut by falling glass.

Captain John J. Evans, struck by debris and rendered unconscious; serious.

William Hanley, pipeman, cut in head.

William Thompson, hit by falling glass.

All firemen:

Joseph Laoy, badly burned about face; case serious.

Frank C. Halley, face burned beyond recognition; may lose sight of both eyes.

Captain Martin Laoy, burned about face and body; wounds on face and forehead.

Lieutenant John Miller, compound fracture of leg; badly burned; condition critical.

Captain William Rooney, badly burned about face; may lose sight of both eyes; condition serious.

John Evans, fracture of right arm; badly burned about the face and body; condition serious.

William Schubert, bruised and burned.

John Hassey, left arm crushed at the shoulder.

Lieutenant Smith, struck by flying debris.

Lieutenant Frank Donagan, hurt by falling bricks; injured internally; condition serious.

Captain Falvey, legs, arms and shoulders badly burned.

Lieutenant Frank Nigg, badly burned about face and arms.

Besides these, dozens of firemen and passersby were more or less cut and bruised by glass and flying debris.

Just as the firemen were getting into position for advantageous work, and nearly all the members of Engine Company No. 3 were mounting ladders and bringing leads of hose to play on the interior from the upper windows there came a roar that could be heard for half a mile, the roof was raised high in the air and the walls came down with a crash.

The explosion hurled the eastern wall into the river, the west wall tumbled down upon the heads of the unfortunate men below and the roof was torn into fragments and distributed for blocks around. Dozens of persons were struck by flying debris and several small fires resulted from falling timbers that were still in flame. At Jefferson street and Carroll avenue, many blocks distant, great burning masses of wreckage fell upon four wagons loaded with hay and set them in flames.

The elevator was of composite construction, the lower portion brick and the upper part frame, covered with corrugated iron. There was a perfect bombardment of flying bricks and sheets of iron at almost white heat, leaving a little of the building save a framework of wood and iron surrounding a great pile of blazing wheat.

Dozens of men lay injured in the withering heat, some not seriously harmed and others in the throes of death. It was dangerous work to get them out, but it was gallantly and quickly done and all of the slightly injured were removed. The dead were, for the time, left where they lay. No man could reach their bodies and live. The total loss is estimated at \$300,000, which is fully covered by insurance.

ACCEPES THE AUTONOMY.

Cretans Send an Official Declaration to Foreign Admirals.

CANEA, Island of Crete, Aug. 6.—The belief of the Cretans that Djavad Pasha, the new military commandant, is really charged by the sultan with instructions to wreck the autonomy scheme has at least one very important result.

The deputies representing the principal provinces have sent to the foreign admirals an official declaration accepting autonomy and expressing a desire that the Turkish troops should be withdrawn from the islands.

This is first document of a unanimous character which has been submitted to the powers in response to their proposition of an autonomous regime.

Minister Woodford.

LONDON, Aug. 6.—General Stewart L. Woodford, United States minister to Spain, who was a passenger by the American line steamer Paris, has arrived in London and will remain here for a week.

Woodworking Machinery Combines.

CINCINNATI, Aug. 6.—It is stated here unofficially but on trustworthy authority that the combine of the manufacturers of woodworking machinery of the United States has become a fixed fact within the last few days and that details will be announced very shortly. A very large number of manufacturers of woodworking machinery are established in Cincinnati.

Empire Hurst Arrested.

ST. LOUIS, Aug. 6.—Empire Hurst of the National league, who is wanted in Cincinnati for assaulting a man with a beer glass at a recent game of ball there, was arrested and is now in custody at the Four Courts, awaiting the arrival of an official to take him back to the Ohio metropolis. Ball was refused. Hurst was taken into custody at the end of the game.

Palmer Will Defend Draper.

JACKSONVILLE, Ill., Aug. 6.—Ex-Senator John M. Palmer has been retained by the defense in the case against Charles L. Draper for the murder of Charles Hastings. He will assist Colonel Pat Dwyer in place of Judge O. P. Thompson of this city. The trial is set for the November term of court and will take place in this city unless a change of venue is secured.

Rates to G. A. R. Encampment.

CHICAGO, Aug. 6.—There is still more trouble over the rates for the Grand Army encampment at Buffalo. This time it is the Great Western road that has made the trouble by announcing a rate of 1 cent a mile and there is no doubt that all the other roads in the territory of the Western Passenger association will be compelled to make the same rate.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MRS. SIDNEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidney writes Oct. 25, 1887: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nerve Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own household work. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle free or money refunded. Book on Heart and Nerve sent free to all applicants.

For Congressman Fourth District,
MAJOR CHAS. W. LEE,
Of Switzerland County.

MATTHEWS' MOTIVES.

The New Albany Public Press, one of the foremost democratic papers in Southern Indiana has the following to say of Claude Matthews campaigning in the Fourth district:

"About the worst feature against Griffith is, that Claude Matthews, who is very unpopular with the masses, is attempting to make speeches in favor of the democratic nominee. Matthews imagines he is a candidate for United States senator and he is trying to further his own interest rather than Griffith's election, nor democratic success, when his political fortune is to be the gainer. He is doing Griffith infinitely more harm than good."

The manly campaign Major Lee is making is winning friends for him every day.

The people of the Fourth district know the worth of Major Lee and will elect him to congress next Tuesday.

The misinformation of Claude Matthews as he goes about this district does the cause of Mari n Griffith no good. The people are not so ignorant as he presumes they are.

The Wilson tariff law, enacted by a democratic congress, seems to have no friend but its author. It was repealed without defense from democrats in congress and unquestionably without regrets on the part of people.

The calamity orators sent into this district prepared their speeches for the farmers, but the farmers are too busy to listen to their wailings. They are taking care of their wheat crop for which they are able to get a third more than they were a year ago.

CANDIDATE BROWDER was advertised for a speech at Columbus Wednesday night, but the populace imported some weary Watkins and put him to talking on the street thus preventing the Browder meeting. Such tactics can win nothing for Mr. Griffith.

HIS POLITICS AND BUSINESS DIFFER.

The papers are full of talk about John McLean's gold bond. Mr. McLean is, as everybody knows, a candidate for Senator from Ohio upon a strictly silver platform, yet he requires the obligations which are made to him to be payable in gold. A copy of a bond given in his favor by the Columbia Athletic Club of the District of Columbia has recently been published in the Ohio papers, and carries Mr. McLean's name as the beneficiary, and agrees to pay the sum named to him in "gold coin of the present standard weight and fineness," also the interest in "like gold coin." The opening paragraph of the bond is as follows:

THE COLUMBIA ATHLETIC CLUB.

FIRST MOR GAGE FIVE PER CENT GOLD BOND.

FOR VALUE RECEIVED, the Columbia Athletic Club of the District of Columbia hereby acknowledges itself indebted, and hereby agrees to pay, to JOHN R. McLEAN, or the bearer hereof, on the first day of March, 1900, One Thousand Dollars in gold coin of the UNITED STATES, OF PRESENT STANDARD WEIGHT AND FINENESS, at the Citizens National Bank of Washington, at the city of Washington, and interest thereon in like gold coin at the rate of five per cent. per annum, on the first days of September and March of each and every year, on the production and surrender of the proper coupon hereto annexed.

The John R. Barton, of Madison, who wrote a letter as a populist in behalf of Griffith, which letter has been published in all the populist organs of the district, is working a bald attempt to deceive. He is in fact not a populist and never voted the populist ticket. When Cleveland was elected president the last time he was a candidate for the Madison postoffice, but Congressman Jason Brown did not see fit to appoint him. Politically he has not been in a good humor since.

POLITICAL BREVITIES.

Candidate Browder spoke at Columbus last night.

It is reported that King Leopold, of Belgium, has been named by Japan as arbitrator in the Hawaiian dispute.

Ex-Congressman Tracwell is now comptroller of the treasury to which office he was recently appointed.

Henry Rothwich, treasurer-elect of Bartholomew county, has brought suit against John Walker, whose term as treasurer expired August 1, demanding possession of the office and \$3,000 damages for detention from his official capacity.

We would like to look into the pleasant face of some one who has never had any derangement of the digestive organs. We see the drawn and unhappy faces of dyspeptics in every walk of life. It is our national disease, and nearly all complaints spring from this source. Remove the stomach difficulty and the work is done.

Dyspeptics and pale, thin people are literally starving, because they don't digest their food. Consumption never develops in people of robust and normal digestion. Correct the wasting and loss of flesh and we cure the disease. Do this with food.

The Shaker Digestive Cordial contains already digested food and is a digester of food at the same time. Its effects are felt at once. Get a pamphlet of your druggist and learn about it.

Seymour REPUBLICAN.

REDUCTION OF FARM MORTGAGES

Facts About the Counties in the Fourth Congressional District.

Silver and Farm Products--Figures Showing that the Price of One Has Absolutely Nothing to Do with the Other.

Republican Promises Have Been Redeemed and Prosperity Has Already Set in Under the McKinley Administration.

Market Quotations Tell the Tale.

The stock argument of the advocates of free silver coinage at a ratio of 16 to 1, in the last campaign, was that a decrease in the value of silver always caused a corresponding decrease in the price of farm products, and particularly wheat. The following comparisons in the price of wheat and other farm products, and the value of silver in 1896 and 1897, disprove these claims absolutely.

The prices on farm products herein given are taken from the Indianapolis market quotations, and the prices of silver from the general market quotations:

INDIANAPOLIS MARKET QUOTATIONS.

July 26, 1896. Wheat, No. 2 Red.....	per bushel, \$0.53 1-2
July 26, 1897. Wheat, No. 2 Red.....	" .73
Advance.....	.17 1-2
Percentage increase in price.....	.31 1-2
July 26, 1896. Wool.....	per pound, \$0.12
July 26, 1897. Wool.....	" .16
July 26, 1896. Cattle.....	\$4.00 @ 4.25
July 26, 1897. Cattle.....	4.60 @ 4.85
July 26, 1896. Hogs.....	3.30 @ 3.50
July 26, 1897. Hogs.....	3.65 @ 3.80

SILVER BULLION.

July 26, 1896. Silver bullion.....	per ounce, \$0.69 3-4
Value of silver in standard dollar, July 26, 1896.....	.53 7-10
July 26, 1897. Silver bullion.....	per ounce, .59
Value of silver in standard dollar, July 26, 1897.....	.45 6-10
Decline in price of silver.....	.15 per
Sheep advanced in price in 1897, per head.....	100 "
Wool advanced in price, per pound, in 1897.....	.33 "
Silver declined in price, per ounce, in 1897.....	.15 "

These figures show plainly that the price of farm products has advanced during the last year, while the value of silver has continued to decrease, and proves conclusively that the price of silver has absolutely no effect on the price of wheat and other farm products.

REDUCTION OF FARM MORTGAGES IN THE FOURTH DISTRICT.

Another claim of the advocates of the free and unlimited coinage of silver, and the calamity-shriekers in the campaign of 1896, was that on account of the low price of farm products, which they claimed to be due to the depreciation in the value of silver, a majority of farmers were becoming burdened with debt, and that the number and amount of farm mortgages were being increased each year.

The following figures, taken from the records in the offices of the recorders of the counties comprising the Fourth congressional district, show that the people are paying mortgages a great deal more rapidly than they are giving mortgages.

COUNTY	FARM MORTGAGES GIVEN		FARM MORTGAGES PAID	
	1897	1896	1897	1896
Bartholomew.....	\$188,314	\$181,755	\$774,704	\$101,358
Brown.....	13,643	21,926	9,560	12,796
Dearborn.....	70,020	155,743	104,700	70,795
Decatur.....	159,633	175,911	146,506	32,200
Jackson.....	98,471	129,968	123,200	132,752
Jefferson.....	112,065	116,800	132,283	50,500
Jennings.....	100,300	109,835	80,776	34,713
Ohio.....	115,039	24,217	13,533	29,888
Ripley.....	143,256	117,441	100,651	117,532
Switzerland.....	70,494	55,666	48,298	33,597
Total.....	\$980,235	\$1,080,282	\$1,533,371	\$705,133

The mortgages on farms given in the 10 counties for the year ending June 1, 1897, were \$980,235, and for the same period the farm mortgages paid off were in amount \$1,533,371.

For every dollar of mortgages paid on farms in the Fourth congressional district for the year ending June 1, 1897, there was \$1.50 1/2 paid. Reduction of farm mortgages over half a million dollars.

The above figures show that the claim of the free silverites concerning the increase of indebtedness on the farms, is as unfounded in fact as the claim that the decrease in the value of silver shows a corresponding decrease in the price of wheat.

EXCESS OF RECEIPTS OVER EXPENDITURES.

During the 44 months of the Cleveland administration, from July 1, 1893, to March 1, 1897, only seven months showed a surplus of receipts over expenditures. The aggregate amount was \$21,739,014.

Under the McKinley administration, from March 1 to July 1, 1897, the excess of receipts over expenditures amounted to \$29,082,847. These figures show that the excess of receipts over expenditures during four months of a Republican administration amounted to \$7,362,833, more than was shown during 44 months of a Democratic administration.

The excess of receipts over expenditures, as shown by the treasury report during each of the first four months of the McKinley administration, was as follows:

March.....	\$ 9,094,604
April.....	5,740,938
May.....	688,131
June.....	13,650,014
Total.....	\$29,082,847

PER CAPITA CIRCULATION.

The per capita circulation in the United States June 30, 1896, was \$21.85. The per capita circulation in the United States June 30, 1897, was \$22.80, an increase of \$1.45 per capita.

THE COINAGE OF SILVER DOLLARS.

Another argument of the free silver shouters in the campaign of 1896 was that the Republican policy, or gold standard, as they termed it, meant the disappearance of the silver dollar. From July 1, 1896, to July 1, 1897, there were coined 21,209,701 standard silver dollars, as follows:

1896	1897
July.....	\$1,062,000
August.....	2,650,000
September.....	2,700,100
October.....	2,350,000
November.....	1,914,000
December.....	1,700,200
January.....	\$1,812,000
February.....	1,340,000
March.....	1,400,200
April.....	1,400,000
May.....	1,400,000
June.....	1,475,101

LOW VALUE OF SILVER.

On July 28, 1897, silver reached the lowest point in value in its history. On that date silver per ounce was quoted at 57 1/2 cents. Value of silver in standard dollar 44 1/2 cents.

REPUBLICAN PROMISES REDEEMED.

The logic of the above figures and the fact that there is a decided improvement in every branch of business, proved conclusively that the Republican policy is right, and that the pledges of the Republican party made during the last campaign are being rapidly redeemed. Republican prosperity has already set in under the McKinley administration, and there is every evidence that we are entering upon an era of better business and general prosperity in this country.

If every voter in the Fourth district will study carefully the above figures and will consult his personal interests, there can be but one conclusion reached in his mind when he enters the election booth on Aug. 10, and that conclusion will be to vote for the man who represents the principles and policies of the Republican party, Major Charles W. Lee.

WOMAN'S LONG HOUR.

SHE TOILS AFTER MAN'S DAYS' WORK IS DONE.

What She Has to Contend With--Work That Sooner or Later Breaks Down Her Delicate Organization.

The great majority of women "work to live" and "live to work," and as the hands of the clock approach the hour of six, those employed in stores, offices, mills and factories, hail closing time with joy. They have won their day's bread, but some duties are yet to be performed, and many personal matters to be attended to. They have mending to do, and dresses or bonnets to make, and long into the night they toil, for they must look neat, and they have no time during the day to attend to personal matters.

Women, therefore, notwithstanding their delicate organism, work longer and more closely than men.

They do not promptly heed such signs as headache, backache, blues, pains in the groins, bearing-down, "all gone" feeling, nervousness, loss of sleep and appetite, whites, irregular or painful monthly periods, cold and swollen feet, etc., all symptoms of woman trouble, which, if not quickly checked, will launch them in a sea of misery.

There is but one absolute remedy for all those ills. Any woman who has to earn her own living will find it profitable to keep her system fortified with this tried and true woman's friend, Lydia E. Pinkham's Vegetable Compound, which promptly removes the cause and effects a lasting cure.

We are glad to produce such letters as the following from Miss M. G. McNamee, 114 Catherine St., Utica, N.Y.:

"For months I had been afflicted with that tired feeling, no ambition, no appetite, and a heavy bearing-down feeling of the uterus. I began to use Lydia E. Pinkham's Vegetable Compound. Soon those bad feelings passed away; I began to have more ambition, my appetite improved and I gained rapidly in every way, and now I am entirely well. I advise all my friends to use the Compound, it is woman's truest friend."

MARK YOUR BALLOT

WITH BLUE PENCIL ONLY AT THE NEXT ELECTION.

And Not With a Rubber Stamp, as Heretofore--The Process Simplified Under the New Law--Make a Cross With a Blue Pencil, Furnished by the Election Officials, Inside the Large Circle Surrounding the Eagle.

Republicans should make sure that nothing will prevent them from voting on August 10, and they should make doubly sure that they mark their ballots correctly, in accordance with the new law, so that they will be counted. The new method is simple, but should be thoroughly understood. Make a cross, or an "X," not a dot or any other mark, in the circle surrounding the eagle at the head of the Republican ticket.

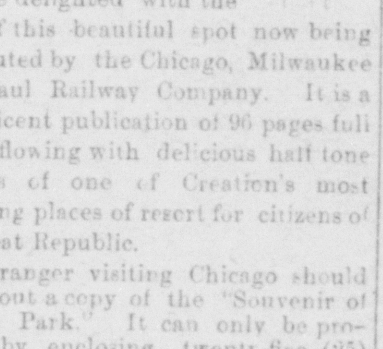

The changes made by the new law are as follows: A large circle is substituted for the large square surrounding the party emblem at the head of each ticket. Around the outer edge of the circle are the words "To vote a straight ticket make an 'X' within one circle and not otherwise."

A blue pencil is used by the voter instead of a rubber stamp. The pencil is given each voter by the polling clerk, and is supplied by the election officials. No other pencil can be used, and the pencil must be returned by the voter to the clerk.

To vote the straight Republican ticket make a cross or an "X," with the blue pencil inside the large circle surrounding the eagle.

At the August special election there will be but one name on each ticket. There will, therefore, be no opportunity to vote a "mixed ticket." A cross or an "X," in the small square in front of the name of Charles W. Lee will have the same effect, exactly, as a cross, or an "X," in the large circle around the eagle. A "mixed ticket" is voted with a pencil in the same manner as formerly with the rubber stamp, where more than one name appears on the various tickets.

Mark your ballot with a cross inside the circle and NOT ELSEWHERE, as follows:

Make a Cross, or an "X," and Nothing Else.

GENERAL INSTRUCTIONS.

- Get your ballot of the polling clerk in the election room, who will also furnish you a blue pencil with which to mark the ballot.
- Retire to a booth and handle ballot carefully on shelf so as not to get spots or stains on paper. To vote a straight ticket, make a cross with the blue pencil within the large circle at the head of the ticket containing the device of the party for whose candidate you desire to vote. If the ballot is marked with any character whatever other than the one cross which designates your choice it will be declared to be mutilated or to have a distinguishing mark and will be thrown out. The cross must be placed inside the circle or inside the small square (once only) or the ballot will be thrown out as void.
- Names must not be erased from or written on the ballot, or any mark made, except as above indicated. Otherwise the ballot will not be counted.
- When the ballot is properly marked fold it so that the face cannot be seen, and so that the initials of the polling clerk on

the corner of the back of the ballot can be seen. Give the ballot to the inspector and the pencil to the polling clerk.

3. If you should accidentally or by mistake mark your ballot incorrectly, deface or mutilate it, fold the face inward and return it to the polling clerk and obtain a new one.

6. You must not receive a ballot, other than a sample ballot, from any person except the election officials. It is a penalty offense to have an official ballot in your possession except as above stated.

7. You must not indicate to any person in the election room how you intend to vote, and engage in no conversation, except with the officials.

8. If you cannot read English or, because of physical disability, cannot mark your ballot, so inform the election clerk, who, upon your instruction, will mark your ballot as you desire. It is a penalty offense to declare that you cannot read English or cannot mark your ballot if, in fact, you can.

Only Two Hundred at Work.

TERRE HAUTE, Ind., Aug. 6.--Vice President Llewellyn wired Secretary Kennedy of the Indiana miners' organization, from Winslow, that miners at Hartwell, Petersburg, Little, Ayrshire and Jackson are all out. Only the miners at Evansville, Evansville and Newburg, all told about 200 men, are now at work.

"Let me give you a pointer," said M. F. Gregg, a popular conductor on the Missouri Pacific railroad. "Do you know that Chamberlain's Colic, Cholera and Diarrhoea Remedy cures you when you have the stomach ache? Well, it does." The round trip rate will be only \$13 from Seymour, Ind., to either resort, the return limit covering twelve days including date of sale.

Through train and through car service for this excursion will be very convenient. Pullman Vestibule Sleeping Cars and Pennsylvania Standard Coaches will be run without change through Pittsburgh and Philadelphia to Atlantic City on train No. 20, leaving Indianapolis at 2.40 p. m., August 12th. Excursion tickets will also be good going August 12 h, on any through train except the Pennsylvania Limited.

The date of the second excursion is particularly favorable.

City, Sea Isle City, Holly Beach, Wildwood, New Jersey and Rehoboth Beach, Delaware, and Ocean City, Maryland, the latter two being the new points in question.

The first seashore excursion over the Pennsylvania Lines was a grand success. Nearly two thousand persons took advantage of the extremely low rates and enjoyed delightful trips to the most popular summer havens along the Atlantic coast.

The second excursion over the Pennsylvania Route will be run Thursday, August 12th. Two more resorts have been added to the list of points to which tickets will be sold, making a total of ten resorts, all of which are well known places of summer sojourn, viz Atlantic Cape May, Avalon, Angelsea, Ocean

practically at a standstill during the middle of August. It is a season of rest in the city and country, and a week or two cannot be spent more pleasantly nor profitably than at one of these attractive ocean retreats. The invigorating breeze from the sea, the myriads of interesting sights and the opportunity for health giving recreation make these seashore excursions ideal vacation trips. Persons who participate in them will return to their homes strengthened in both mind and body for a renewal of the labors attendant upon the opening of the fall and winter seasons.

John P. McLean's Great Newspaper.
Without a single exception, there is no newspaper in the United States that has been so successful as the Enquirer. Its circulation has been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.
The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.
When asked for the secret of such success, Mr. McLean frankly answers: 'The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.
The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as in those of greater magnitude.

STEWART, Neb., August 5.—There is no one idle here. All are employed, and calls for more hands than can be found. We have no manufacturing. Capital is to be used in putting up a large creamery. J. L. STUDEYANT, Editor "Ledger."

HUNTINGBURG, Ind., August 5.—All industries here are running on full time and employing their usual number of hands. A new spoke and single-tree factory will be opened in a few days. Plans are being made for a new spoke factory to employ 40 or 50 hands. Mechanics are all busy.
Ed. H. DUBENBACH, Editor "Independent."

TULAROSA, New Mexico, August 5.—The passing of the tariff bill has been the means of instilling new energy into the people here. Cattle, sheep, etc., are all higher in price than for years and the fact that the new tariff shuts Mexican stock out of this country pleases our stock men immensely.
Editor "Tularosa," N. Mex.

FARINA, Ill., August 5.—During the Cleveland administration the banks here and those in other towns had no money to loan and interest rates were high. Now the banks have a large amount of deposits, plenty of money to loan, and, in fact, money goes begging for borrowers.
C. R. DAVIS, Editor "News."

UNION, OREGON, August 5, 1897.—There is now in course of construction in this little city a woolen mill which will contain at present two sets of machinery. A telephone system branching from this place is now in course of construction, which will cover a district of over 200 miles. A large creamery plant is also about to be built here. There is no doubt that times are improving and prosperity returning. S. J. DAVIS, Editor "Republican."

Electric Bitters.
Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at W. F. Peter's drug store.

Prosperity's Chariot.
E. O. McCormick, passenger traffic manager of the Big Four Company, returned yesterday from a trip over the road. He prophesies a speedy revival of business, and says that he has hopes on the countenances and conversation of the traveling men he met while absent. These light-footed gentlemen constitute, in Mr. McCormick's opinion, an excellent barometer, marking trade conditions. Most of them work on commission, and when they are all good-natured and smiling it is fair to presume that business is good. All the train men seen by Mr. McCormick on this trip looked and talked like 'four-time winners.'

PISTOLS IN CHURCH
Preacher Shoots at a Gang of Rowdies and Kills a Child.
YOUNGEST GOLD PROSPECTOR.
Mother Horribly Bitten by Her Insane Son—Widow Lavery's Generous Gift to Her Parents—Unearthed a Skeleton. Youngest Gold Prospector—Monon Preparing for Improvements.

WASHINGTON, Ind., Aug. 6.—Rev. John Walstein, who has been holding revival services at Concord Christian church near here, received word that he would be egged if he preached again. He went prepared, and when he opened services laid a pistol on each side of his Bible, announcing that he would defend himself if necessary.
It was not long before a disturbance was raised at one of the windows. In an instant the minister commenced firing toward the window. He scattered the rowdies, but one bullet passed through the abdomen of the 3-year-old daughter of John Standiford, who was sleeping on one of the seats. The little girl is dying. In the excitement Walstein made his escape.

CONSIDERATE DAUGHTER.
Widow Lavery Gives Her Parents a Farm in Parke County.
SUMMIT GROVE, Ind., Aug. 6.—The parents of Mrs. Lillian Lavery, the widow of the western Indiana land king, who recently came into possession of \$100,000 worth of property by the tragic death of her husband, have received a deed from their daughter to 60 acres of the finest bottom land in Parke county. The erection of a large Barre granite sarcophagus monument in the Lavery cemetery near Mecca was begun this week.

NO CONTAGIOUS DISEASES.
Terre Haute's Health Record for Three Months.
TERRE HAUTE, Ind., Aug. 6.—The report of the Terre Haute board of health for the month of July is the most gratifying the city has ever had. It shows that for three months the city has been entirely free from contagion of any kind, while it has also been almost half a year since a solitary case of either diphtheria or scarlet fever has made its appearance. This is said to be the best-known record for a city of the size of Terre Haute.

Youngest Gold Prospector.
SALEM, Ind., Aug. 6.—This city claims the distinction of sending the youngest gold prospector to the Klondike regions. He is Osborne Johnson, 13 years old, and goes with the full knowledge of his parents. Young Johnson, though young, weighs 125 pounds and at 4 years traveled all through the west. He comes of a hardy family, his father having been a member of the Seventh Indiana battery at 15 and won a reputation as a good soldier.

Excavators Unearth a Skeleton.
SOUTH BEND, Ind., Aug. 6.—In excavating under the old residence of the late John Brownfield in the heart of the city, built 50 years ago, workmen came upon a large hollow log with a cover upon it. A large stone rolled down and broke in the covering and a skeleton was found, which caused a number of the Seventh Indiana battery at 15 and won a reputation as a good soldier.

Mother Bitten by Her Insane Son.
ENGLISH, Ind., Aug. 6.—William, the 14-year-old son of Jesse Morgan, became insane last week, but the parents refused to permit their child to be taken from them to the insane hospital. While the mother was striving to control him, he bit nearly all the flesh from one arm. The doctors have great fears of the mother's life. Blood poisoning is now dreaded.

Girl Burned in a Brush Fire.
ROSELAWN, Ind., Aug. 6.—Mamie Handley, aged 5 years, met a horrible death here. She was playing near a burning brush pile when she accidentally fell head first into the flames. Her parents soon discovered she was missing and after a long search found her charred body in the heap of smoldering embers.

Not All Satisfied with the Settlement.
ALEXANDRIA, Ind., Aug. 6.—By an agreement between the Union Steel company and the Amalgamated Association of Iron, Steel and Tin Workers, the rollers and heaters are reduced 15 per cent, the puddlers 12 per cent and the roughers 7 per cent. The men are not at all satisfied.

Patted His Leg Off.
BRAZIL, Ind., Aug. 6.—Joseph Clingerman, a coalminer from the Second ward, was seriously, if not fatally, injured in a runaway accident yesterday, while driving the city sprinkling wagon. One leg was caught in the wrecked wagon and torn off near the ankle.

Brush Creek Sunday School.
COLUMBUS, Ind., Aug. 6.—The Brush creek Sunday school held its 28th annual picnic yesterday seven miles southeast of the city. Governor Mount, Revs. C. W. Lee and U. M. Browder made speeches.

Monon Preparing for Improvements.
SALEM, Ind., Aug. 6.—The Monon has a force of men at work repairing its steamboiling plant, preparatory to putting on a force of 150 men next week to manufacture ballast for the roadbed.

His Recovery Doubtful.
JONESVILLE, Ind., Aug. 6.—Benjamin Kobbe and a young man named Runge were struck by a horse while working on a strawstack near here. Mr. Kobbe's recovery is doubtful.

To See the Fire Department Run.
BRAZIL, Ind., Aug. 6.—The 7-year-old son of Elmer Johnson is in jail charged with burning John Hendrix's barn. He said he fired the barn just to see the fire department horses run.

Every part of our body is momentarily wearing out and being built up anew. This work is done by the blood. Keep this vital fluid pure with Dr. Bull's Pills and health will prevail.
